The Oral Imhhauser Equivalent to Blood
Auto-Sanguis Therapy
Ultra-Violet Blood Irradiation
Thermography
Treating Children
Heart Rate Variability
The Chiropractic Connection
The Importance of Biological Dentistry

Video 1

An introduction to homeopathy. In this tape the viewer will receive an introduction to the history of homeopathy, an explanation of homeopathic principals and basic homotoxicology techniques for use of HEEL™ remedies.

Video 2

A complete demonstration of the new patient experience. In this video, Dr. Shelton and his staff demonstrate the two-day procedure he utilizes from the initial patient interview through the homeopathic diagnostic techniques every new patient will experience.

Video 3

An in-depth demonstration of electrodermal screening (EDS) applications using BioMeridian's MSAS Professional™. Dr. Shelton walks through a complete new patient examination including detailed footage of point testing.

Video 4

An in-depth presentation of specific homeopathic solutions. Dr. Shelton provides information on utilizing homeopathic remedies relevant to longevity, the immune system, hormone replacement and isopathy.

Video 5

Dr. Shelton goes into the IV laboratory and demonstrates IV therapy, ultra-violet blood irradiation and the Imhhauser technique. Next, Dr. Shelton heads into the treatment room for a practical demonstration of neural therapy as he administers sinus shots.
